### Directors' Review Report

The Directors of Interloop Limited are pleased to present the un-audited financial results of the Company for the third quarter of the current financial year and nine months ending on March 31, 2019. We would like to mention that your Company has become listed on the Pakistan Stock Exchange and a reliable platform is now available which is liquid and an efficient digitized market to buy & sell Company shares.

### Indutsry / Market Overview:

Till now, the financial year 2019 has been very challenging for the Textile industry in Pakistan. Overall performance of the industry has not been sparkling and the industry has been struggling throughout the period due to high prices of raw materials/energy cost, declining trend of textile products demand, precarious security situation and fragile geopolitical environment of the region. The severity of raw material hampered growth in this sector, with many business closures, resulting in layoffs. Those who were able to weather out had to incur heavy costs for alternate raw material acquisition at the expense of profitability and competitiveness. In spite of all these factors your Company's journey continued successfully and it earned a profit of Rs. 3,311 million for nine months ending on March 31, 2019. However, we are putting our best efforts to utilize our expertise positively in the future. The exchange rate gain has also shown improvements for the export business.

### **Financial Results:**

Comparison of the un-audited financial results for the nine months ending on March 31, 2019 as against March 31, 2018 is as follows:

| e: : : : : : : : : : : : : : : : : : : |         | Quarter ende  | ed March 31   | Nine months ended March 31 |                |  |

### Notes to the Unconsolidated Condensed Interim Financial Statements

For the quarter and nine months ended March 31, 2019

### 1. Legal Status and Operations

Interloop Limited (the Company) was incorporated in Pakistan on 25th April, 1992 as a private limited company and subsequently it was converted into public limited company on 18th July, 2008 and was listed on Pakistan Stock Exchange on 5th April, 2019. The registered office of the Company is situated at Al-Sadiq Plaza, P-157, Railway Road, Faisalabad. The manufacturing facilities are located at 1-km, 7-km Jaranwala road, Khurrianwala, Faisalabad and 8-km Manga Mandi, Railwand road, Lahore. The Company is engaged in the business of manufacturing and selling of socks, leggies and yarn, providing yarn dyeing services and to generate electricity for its own use.

### 2. Basis of Preparation

These unconsolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- i) International Accounting Standard ('IAS') 34, 'Interim Financial Reporting', issued by International Accounting Standards Board ('IASB') as notified under the Companies Act, 2017, and
- ii) Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

This unconsolidated condensed interim unconsolidated financial information does not include all of the information required for full annual financial statements and should be read in conjunction with the financial statements for the year ended on 30 June 2018.

### 3. Critical Accounting Estimates and Judgments

The preparation of financial statements in conformity with the approved accounting standards require management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period, or in the period of the revision and future periods. Judgments made by management in application of the approved accounting standards that have significant effect on the financial statements and estimates with a significant risk of material adjustments in the next year are discussed in respective policy notes. The areas where various assumptions and estimates are significant to the Company's financial statements or where judgment was exercised in application of accounting policies are as follows:

- · Estimate of useful life of operating fixed assets
- · Impairment of assets
- · Stores and spares
- Stock-in-trade
- · Trade debts and other receivables
- · Staff retirement benefits
- Provisions
- Contingencies
- Taxation

### 4. Summary of Significant Accounting Policies

The accounting policies adopted in the preparation of this unconsolidated condensed interim financial information are the same as those applied in the preparation of preceding annual audited financial statements of the Company for the year ended June 30, 2018, except as follows:

### 4.1 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as BOD that makes strategic decisions.

### 4.2 New Standards, Interpretations and Amendments

The Company has adopted the following amendments and interpretation of IFRSs which became effective for the current period:

IFRS 15 - Revenue from Contracts with Customers

Further, IFRS - 9 "Financial Instruments" replaces IAS - 39 "Financial Instruments: Recognition and Measurement" for annual periods beginning on or after 1 July 2018. However, the Securities and Exchange Commission of Pakistan vide its notification dated 14 February 2019 has deferred the applicability of IFRS - 9 on interim period ending before 30 June 2019. Therefore, these unconsolidated condensed interim financial statements do not include the impact of adoption of the standard.

### - IFRS 15 Revenue from Contracts with Customers

IFRS 15 supersedes IAS 11 Construction Contracts, IAS 18 Revenue and related Interpretations and it applies to all revenue arising from contracts with customers, unless those contracts are in the scope of other standards. The new standard establishes a five step model to account for revenue arising from contracts with customers. Under IFRS 15, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The Company has concluded that revenue from sale of goods should be recognised at the point in time when control of the goods is transferred to the customer. However, the management believes that changes in IFRS 15 does not have any material impact on unconsolidated condensed interim financial statements of the Company.

### 21. Fair Value Measurement of Financial Instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the company is a going concern and there is no intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

IFRS 13 'Fair Value Measurement' requires the company to classify fair value measurements and fair value hierarchy that reflects the significance of the inputs used in making the measurements of fair value hierarchy has the following levels:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (that is, derived from prices).

Level 3 - Inputs for the asset or liability that are not based on observable market data (that is, unadjusted) inputs.

Transfer between levels of the fair value hierarchy are recognised at the end of the reporting period during which the changes have occurred.

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

|                                      |             | Un-au   | dited   |             |

Jahan Zeb Khan Banth Director

### Notes To The Consolidated Condensed Interim Financial Statements

For the guarter and nine months ended March 31, 2019

#### 1. The Group and Its Operations

#### The Group comprises of:

#### Interloop Limited- The Holding Company

Interloop Limited (the Holding Company) was incorporated in Pakistan on 25th April, 1992 as a private limited company and subsequently it was converted into public limited company on 18th July, 2008 and was listed on Pakistan Stock Exchange on 5th April, 2019. The registered office of the Company is situated at Al-Sadiq Plaza, P-157, Railway Road, Faisalabad. The manufacturing facilities are located at 1-km, 7-km Jaranwala road, Khurrianwala, Faisalabad and 8-km Manga Mandi, Raiwand road, Lahore. The Company is engaged in the business of manufacturing and selling of socks, leggies and yarn, providing yarn dyeing services and to generate electricity for its own use.

#### IL Apparel (Private) Limited - The Subsidiary (Holding- 100% (June 30, 2018: 100%))

IL Apparel (Private) Limited was incorporated in Pakistan on 28th March, 2018 under the Companies Act, 2017. The registered office of the Company is situated at Al-Sadiq Plaza, P-157, Railway Road, Faisalabad. The principal business activity of the Company will be manufacturing and sale of garments and allied products.

#### Interloop Dairies Limited - The Associate (Holding - Nil (June 30, 2018: Nil))

Interloop Dairies Limited was incorporated in Pakistan on 29th March, 2010 as a Public Limited Company, The registered office of the Company is situated at P-157, Al-Sadiq plaza, Railway Road, Faisalabad and dairy farm is situated at 28-KM Sheikhupura Hafizabad Road, Adda Kairwala, near Mandi Jhabran, Sheikhupura in the province of Punjab. The Company is engaged in the business of dairy farming and allied products.

During the previous financial year the investment of Interloop Limited in the share capital of Interloop Dairies Limited was transferred from Interloop Limited to Interloop Holdings (Pvt) Limited on May 16, 2018, as a result of demerger of investment segment of Interloop Limited into Interloop Holdings (Pvt) Limited. Now the holding company of the Interloop Dairies is changed to Interloop Holdings (Pvt) Limited. However, the financial effects, for the period from July 01, 2017 to March 31, 2018, relating to Interloop Dairies Limited have been incorporated in these consolidated condensed interim financial statements.

#### IL Bangla Limited - The Associate (Holding- 43.75% (June 30, 2018: 43.75%))

IL Bangla Ltd. is a private limited company incorporated under the Companies Act 1994 as applicable in Bangladesh vide Registration No. C-77561/09 dated 21 May 2009 floated by foreign investors (Pakistan and West Indies) having its registered Office at House # 267, Road # 19, New DOHS Mohakhali, Dhaka, Bangladesh and factory at Dakkhin kongshadi Vatpara, Narsingdi Sadar, Narsingdi, Bangladesh. The company's main objective is to carry on the business of manufacturing and sale/export of socks and hosieries.

#### 2. Basis of Preparation

These consolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- i) International Accounting Standard ('IAS') 34, 'Interim Financial Reporting', issued by International Accounting Standards Board ('IASB') as notified under the Companies Act, 2017, and
- ii) Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

This consolidated condensed interim financial information does not include all of the information required for full annual financial statements and should be read in conjunction with the consolidated financial statements for the year ended on 30 June 2018.

#### 3. Critical Accounting Estimates and Judgments

The preparation of financial statements in conformity with the approved accounting standards require management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period, or in the period of the revision and future periods. Judgments made by management in application of the approved accounting standards that have significant effect on the financial statements and estimates with a significant risk of material adjustments in the next year are discussed in respective policy notes. The areas where various assumptions and estimates are significant to the Group's financial statements or where judgment was exercised in application of accounting policies are as follows:

- · Estimate of useful life of operating fixed assets
- · Impairment of assets
- Stores and spares
- Stock-in-trade
- Trade debts and other receivables
- Staff retirement benefits
- Provisions
- Contingencies
- Taxation

#### 4. Summary of Significant Accounting Policies

The accounting policies adopted in the preparation of this consolidated condensed interim financial information are the same as those applied in the preparation of preceding annual consolidated audited financial statements of the Group for the year ended June 30, 2018, except as follows:

#### 4.1 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as BOD that makes strategic decisions.

#### 4.2 New Standards, Interpretations and Amendments

The Group has adopted the following amendments and interpretation of IFRSs which became effective for the current period:

IFRS 15 - Revenue from Contracts with Customers

Further, IFRS - 9 "Financial Instruments" replaces IAS - 39 "Financial Instruments: Recognition and Measurement" for annual periods beginning on or after 1 July 2018. However, the Securities and Exchange Commission of Pakistan vide its notification dated 14 February 2019 has deferred

the applicability of IFRS - 9 on interim period ending before 30 June 2019. Therefore, these consolidated condensed interim financial statements do not include the impact of adoption of the standard.

#### - IFRS 15 Revenue from Contracts with Customers

IFRS 15 supersedes IAS 11 Construction Contracts, IAS 18 Revenue and related Interpretations and it applies to all revenue arising from contracts with customers, unless those contracts are in the scope of other standards. The new standard establishes a five step model to account for revenue arising from contracts with customers. Under IFRS 15, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The Group has concluded that revenue from sale of goods should be recognised at the point in time when control of the goods is transferred to the customer. However, the management believes that changes in IFRS 15 does not have any material impact on these consolidated condensed interim financial statements of the Group.

#### 5. Basis of Consolidation

#### Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The assets and liabilities of Subsidiary Companies have been consolidated on a line by line basis and carrying value of investments held by the Holding Company is eliminated against Holding Company's share in paid up capital of the Subsidiary Companies.

Intragroup balances and transactions have been eliminated.

Non-controlling interests are that part of net results of the operations and of net assets of Subsidiary Companies attributable to interest which are not owned by the Holding Company. Non-controlling interests are presented as separate item in the consolidated financial statements.

#### **Associates**

Associates are those entities in which the Group has significant influence, but not control, over the financial and operating policies. Interests in associates are accounted for using the equity method. They are initially recognized at cost, which includes transaction costs. Subsequent to initial recognition, the consolidated financial statements include the Group's share of the profit or loss and other comprehensive income of equity accounted investees, until the date on which significant influence ceases.

Unrealized gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group companies' interest in the investee. Unrealized losses are eliminated in the same way as unrealized gains, but only to the extent that there is no evidence of impairment

### Operating Segments 걾.

and performance assessment. Operating segments are reported in a manner consistent with internal reporting provided to the Chief Operating Decision Maker ("CODM"). Segment performance is generally evaluated based on certain key performance indicators including business volume Management monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and gross profit.

Segment results include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

The management has determined the operating segments based on the reports reviewed by the CODM that are used to make strategic and business decisions.

### Hosiery a

This segment relates to the sale of socks and tights.

### Spinning 9

This segment relates to the sale of yarn.

### Dairies G

This segment relates to the sale of milk.

# Other operating segments চ

This represent various segments of the Group which currently do not meet the minimum reporting threshold mentioned in international financial reporting standards. These mainly includes apparel, energy, yarn dyeing , denim and active wear

#### 22. Fair Value Measurement of Financial Instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Group is a going concern and there is no intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

IFRS 13 'Fair Value Measurement' requires the Group to classify fair value measurements and fair value hierarchy that reflects the significance of the inputs used in making the measurements of fair value hierarchy has the following levels:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (that is, derived from prices).

Level 3 - Inputs for the asset or liability that are not based on observable market data (that is, unadjusted) inputs.

Transfer between levels of the fair value hierarchy are recognised at the end of the reporting period during which the changes have occurred.

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

|                                      |             | Un-au   | dited   |             |
